

All about Mrs. Lynn

A weird fact about me... I always seem to run across animals that need saving (I got this from my mom). Sometimes we are successful, sometimes we're not. One animal I saved decided that he wanted to stay with me forever. This is now my cat Whiskey. Yes, he lets me wear him as a scarf.

Only a month living in our new house we had to get a dog. His name is Bruce. Dogs are my favorite animal. I also love bears, but that would be scary to have a bear as a pet (Bruce kind of looks like a bear when he's upside down). I love to run and so does Bruce. He's just still trying to get into shape.

(Giving him a carrot was a bad idea. Don't try it at home with your dog.)

What I Love to do

When I was five years old I decided that I wanted to play the violin and soccer. Ever since then I love to do those two things. When I got to High School I didn't make the soccer team, so I decided to join cross country and fell in love with running. I started CrossFit three years ago and it is now my favorite sport. I also enjoy anything outdoors. I love to go hiking, water skiing, snow skiing, four wheeling, fishing, and exploring. I love to travel, visit new places, and meet new people. I love spending time with my family (we pretty much all have the same hobbies). We do a lot of fun things together and sing old country songs really loud in the car (who needs a radio?).

About Me

My name is Megan Lynn. I grew up in Bluffdale, Utah surrounded by animals. I have one sister, and she is four years younger than me. She lives in Texas and we talk almost every day. I got married on March 10th, 2012 to Jordan Lynn and moved to Mona Utah. My husband built us a house that we just moved into in December.

Favorite Things

Since teaching elementary for four years, I have learned to love reading. Yes, all of my favorite books are about dogs. But I can't help it, dogs are the best. My favorite book of all time is *The Art of Racing in the Rain* by Garth Stein. I love funny movies with Will Ferrell. I also really enjoy scary movies. I grew up on country and love country music.
