

School Community Council - March 8, 2018

Minutes from last month approved

Minimal Day Training

- No district outline
- Professional Development
 - Nearpod
 - Quick Feedback
 - Site license for a certain number of teachers - 9 per year
 - Swivel
 - Phone is recording device - follows the teacher
 - Creates and .mp4 movie
 - Allows you to view from a different perspective
 - Can be used to playback lesson if needed
 - Could be used for missing assignments, or review
 - Available from the district
 - Our one can be checked out from the Library
 - Others can be checked out from the district
 - Sharing what some of our teachers are doing
- Safety and other school procedures
- Interest?
 - Some - will follow up
- Story about a teacher using the swivel cam - finding a student who was using her phone
- Anyone can try out Nearpod for 30 students -
 - Then can be given one of the licenses

Professional Development

- We don't want to be a first year teacher 30 times
- We are passionate about improving our own practices
- We have master teachers in our building - we want to find ways to use them here and help others to see them

School Improvement Plan

- Improvement plan and Trustland plan goes hand in hand
- Goal #6
 - Virtual Reality glasses in Science
 - Smart Board and Promethean Board Technology
 - Discussion of Promethean Panels
 - Would love to get 3 more

Trustland Proposal

- Goal 1

- Intervention for struggling students and enrichment for other students
 - Pack time
 - Math Tutoring
- May move some of our salaries - Americorps is what we have in place
 - We may not need the tracker
 - Hard to find a person that fits the criteria
 - Counselors are working with students as well
- Accreditation
 - Helps to develop an advocate for students
- Maybe some money for an English technician to support Tier 3 there
- Goal 2
 - Professional Development
 - Money used for subs and transportation
 - Days in the summer to collaborate together
 - Trustlands doesn't cover all of the needs - but it helps
- Goal 3
 - Technology
 - Will want to adjust the goal to maintain technology
 - Will adjust to have a goal to add Promethean boards in the classroom
 - Need to teach other teachers how to use the technology
- Goal 4
 - Reduce class size
 - Pays for interns, math teacher
 - Increased due to increase in first year teacher salary
 - Might get a fine arts intern...
- Will write into the plan that if it is not used in one area, then it would move to another area

Numbers for next year

- just got them last night - have not yet analyzed them
- Review of Orchestra

Next meeting - will look at English technician

SafeUT app - district wide we are seeing 4-5 per day

- it is working
- KSL just had a huge push with it
- Reviewed with our students what we are doing

Evacuation - will go out to the track - also have access to the stake center

- have an accounting system
-
