Strengthen the Pack * Learn to Learn with Passion * Forgive and Accept * Find My Voice

July 18, 2022

SFJHS Parents and Guardians,

We hope you have been enjoying a great summer! It is a pleasure to welcome you to the 2022-2023 school year at Spanish Fork Junior High School. We are excited to begin a new school year and have our students back in the building. We want to welcome our incoming 8th grade class as well as any other students new to Spanish Fork Jr. High this year! We are excited to have all of you at our school along with our returning students. We are looking forward to a great school year! We want to share some information regarding registration and school fees that will help you prepare for the upcoming school year. Please note that another email will be sent later this week with additional information regarding the upcoming school year.

Online Registration

Online registration for the 2022-23 school year opened this Spring in Infinite Campus. Please click on the following link If you still need to complete the registration process. Information and instructions for registering are provided: <https://www.nebo.edu/registration>. The online registration process consists of providing or verifying your student's information and electronically signing any documents required by the district and state.

If you have moved, please upload your new proof of residency into Infinite Campus. New students will need to upload a birth certificate, proof of residency, and current immunizations. These documents must be uploaded in order to complete the online registration process.

Your student will be enrolled into classes after the school verifies that the online registration process has been completed and that all required documentation has been provided to the school. If you do not have computer access at home or need assistance, there will be SFJHS staff available to help August 1st through August 16th from 9:00am to 2:00pm each day. You are also welcome to call our counseling office at 801-798-4075 if you have questions regarding registration.

School Fees

School fees may be paid online by going to myschoolfees.com beginning this Wednesday, July 20th. Along with the required school fees, optional items such as the Chromebook Protection Plan and yearbooks can also be paid through My School Fees when paying fees. These items are listed under "optional fees." All credit card transactions, whether in person or online, will incur a \$2 fee as directed by a recent district finance policy.

Administrators will be available to answer questions and help with fee waivers. It is necessary to apply for a fee waiver annually; last year's application will not be valid for this school year. Students may receive a fee waiver for one of the following reasons:

- Family receives TANF (currently qualified for financial assistance or food stamps)
- Student receives Supplemental Security Income (qualified child with disabilities)
- Student qualifies for McKinney-Vento
- Student is in Foster Care (under Utah or local governmental supervision) or State Custody
- Student is eligible based on family/household income verification

Please bring the required income verification as described in the fee waiver application as well as the application [English Fee Waiver Application](#) // [Spanish Fee Waiver Application](#).

School Lunch

The following information is from Spencer Sainsbury, Nebo School District Child Nutrition Coordinator:

The National School Lunch Program waiver that provided free meals to students has expired. This means that **school meals will no longer be automatically free. You will need to submit a Meal Benefits Application** in order to qualify for free or reduced-price meals for the 2022-23 school year. Qualification is based on factors including household size, income, participation in assistance programs such as SNAP, FDPIR, and TANF, as well as living situations such as homelessness and migrancy.

Online applications will become available after July 12th. You may access an application by going to your [Infinite Campus Menu](#), then scrolling down to More and clicking on Meal Benefits. Any application signed before July 12th does not pertain to the 2022-23 school year. **As a reminder, households must apply every year** to confirm eligibility for free or reduced-price meals.

If you do not qualify for free or reduced-priced meals, school meals for secondary students are available at the paid rate of:

Breakfast- \$1.50
Lunch- \$2.50

Chromebook Protection Plan

We will be one-to-one with chromebooks again this year. Each student will be issued a chromebook the first week of school with parent permission. Students will be able to use the chromebook at school as well as take them home each day. An optional Chromebook Protection Plan is available for \$30. This will cover the initial cost of a lost or damaged chromebook. We encourage parents to purchase the Chromebook Protection Plan in case of loss or damage. The cost to replace a chromebook is up to \$300. This fee will be assessed to the student in the event of a lost, stolen or damaged chromebook. The Chromebook Protection Plan can be paid for online through [myschoolfees.com](#) along with all other fees listed under "optional fees." Additional information regarding the Chromebook Protection Plan coverage is located on our website at <https://sfjhs.nebo.edu/content/parent-and-student-information>. We encourage purchasing the protection plan. [Insurance Plan and Loan Agreement](#)

Sincerely,

Chris Loveless, Jessica Lindley, Preston Parrish
