### **Panorama Program/School Survey**

- This will help us get the students who maybe fall through the cracks
- Will send out a survey this coming Tuesday before Thanksgiving Break (after parents review it) for students to respond to help us gauge their emotional state
- It will help us identify what the students actually need from us. So we can be aware, make interventions, and make a plan for what the student needs!
- Parents can opt their child out of taking this survey if they want.
- Information stays in panorama program. Teachers cannot access the program. The administrators can access. All information is kept confidential. Information is only shared with student support team in order to figure out what we can do to help them
